

## After 2/1 response and repetition of his suit by opener

### 2nd bid by responder after a 2 over 1 initial response

- The responder has to bid again : All 2/1 responses are forcing for one round.
- Any new bid by responder except :
  - 2 NT, which indicates a regular hand
  - Repetition of the first bid (which indicates a 6th carder (and not just 5...))

2 NT			

Problem E5030 The second bid by responder is not forcing ( 2 SA ) n'est pas forcing ; minimum, the opener will pass.

## After 2/1 response and repetition of his suit by opener

### Support in the Major of the opener

Fitted, the responder will prioritize showing support to opener. After his 2/1 initial response, any support bid in opener's suit is forcing... except if game is reached....

- in case of support in opener suit (differed support...) :
  - a 3 level support in a Major shows slam ambitions
  - A support at the 4 level is to play .. and thus weaker than support at the 3 level....

Problem E5034 Non forcing support that shows interest in game but no slam ambitions.

## After 2/1 response and repetition of his suit by opener

This bid denies fit (in opener's Major), but the values to investigate game and asks for more information on opener's hand to find ... the best game

it.

Problem E5030 Without fit, and only 11HCP and stoppers in the other suits, the responder proposes game. This bid is not forcing.

## After 2/1 response and repetition of his suit by opener

### second non forcing bids by responder (except for game level bids)

- 2 NT, shows just 11HCP and a regular hand
- Repetition of suit of first response that shows 6 cards in suit
